

## Supply Chain Management Policy Statement

J Breheny Contractors has an enviable record of working closely with its Supply Chain Partners and fully recognises the benefits of working collaboratively for the benefit of all parties.

Our Supply Chain Management policy aims to provide a flexible mechanism for meeting and exceeding individual client needs by allowing supply chain partners the freedom to contribute fully to the design and construction process to:

- Add value
- Reduce cost
- Enhance quality
- Deliver sustainable and environmentally sympathetic solutions.

It is our vision to:

- Develop long term strategic alliances and partnerships within our supply chain
- Develop and deliver continuously improving supply chain collaboration, ensuring maximum value is derived for our clients and all project partners.
- To provide suitable training and support for all staff engaged in Supply Chain Management
- To achieve the earliest possible involvement of supply chain partners in the design, value engineering and planning process
- To agree Key Performance Indicator monitoring for each work element to enable benchmarking and continuous improvement
- To provide joint training programs for strategic, health and safety and environmental initiatives.

This Policy is to be reviewed no later than 31<sup>st</sup> December 2012.
